FUJITSU Image Scanner fi-7260

The fi Series entry flatbed model scanner offers superior cost performance

shaping tomorrow with you
### fi-7260 Features

- **Best in its class in cost performance**
- The fi-7260 scans color A4 documents at an impressive 60 ppm / 120 ipm (A4 Portrait 200 x 300 dots), offering unmatched cost performance.
- **Large volume scanner**
- The scanner is capable of setting up to 80 pages in the large volume hopper which allows you to quickly duplicate a large volume of documents.
- **High speed interface**
- The scanner supports USB 3.0 for high speed data transfer between scanner and software.
- **Equipped with LCD (Liquid Crystal Display)**
- LCD is equipped on the operational panel to display the operational settings for scanning documents, the number of sheets scanned, and error status. It is used to easily check the status of the scanner.
- **Equipped with enhanced Paper protection function**
- The new technology (iGSP (Intelligent Sonic Paper Protection)) reduces the risk of having the documents damaged by stopping the scan when the scanner detects paper jam sound.
- **“Skew Reducer” – stable paper feeding mechanism**
- The scanner is equipped with “Skew Reducer” to ensure straight paper feeding even for mix batch of small or thin papers. This function reduces the skewness of the documents and thus minimizes the occurrence of the missing edge of the scanned image data.
- **Improved efficiency for pre-scan work**
- The scanner can perform “batch scanning” which allows you to scan documents with different paper weights and sizes at once, simplifying the process of sorting the documents before scanning.
- **Reduced work load caused by multifeeders**
- The scanner mounts an ultrasonic multifeed sensor that accurately detects “multifeeds” errors where two or more sheets are fed through the scanner at once. This multifeed detection is reliable even when scanning a mixed batch of documents with different paper weights and sizes, avoiding potential work loss.
- **Intelligent Multifeed function**
- When there is paper of the same size attached to a designated location on the page, the multifeed detection function enables the scanner to recognize the location of the attachment. This allows you to continue scanning instead of pausing the scan by detecting every paper attachment as multifeed.
- **Advanced image processing function**
- The scanner’s advanced automatic detection function outputs images in color or monochrome by the document content. This allows you to save the hassle of changing the settings for every scan.
- **Centralized management of multiple scanners**
- The bundled “Scanner Central Admin” application allows you to manage multiple scanners together. For example, you can update the scanner settings and drivers, as well as monitor the operating status of each scanner.
- **Renewed scanner driver and image capturing software**
- PaperStream IP is the scanner driver for fi series which is based on TWAIN / ISIS standard. With the advanced blank and white process, various documents can be automatically and easily converted into image data suitable for OCR (Optical character recognition). High quality image data can be created without pre-setting the scanning settings beforehand.
- **PaperStream Capture – enhance batch scanning**
- PaperStream Capture is an application to scan and manage the scanned data using fi series scanners. Whether it is adjusting the scanning settings or performing batch scanning, you can complete the tasks easily with the user-friendly UI. With the seamless linkage with PaperStream IP, you can perform high quality image processing and batch scanning at the same time.
- **Scan brochures and other small booklets**
- The scanner has a built-in flatbed (glass surface) that is able to scan thin documents or thick books which are impossible to scan using an ADF scanner.
- **Option: Black Document Pad**
- Attaching the Black Document Pad to the flatbed to make scans with a black background. This enables the scanner to apply image processing like size detection and skew correction to a document scanned with the flatbed so that the resulting image data is properly sized to the original.
- **Option: ScanSnap Carrier Sheets**
- Carriers allows you to scan documents, photos or clippings larger than A4 size. Documents larger than A4 (such as A3 or B4) and photos or clippings that can be damaged easily can be digitized when using the Carrier Sheets.

### Options

- **Options**
- **Black Document Pad**
- **Carrier Sheet**
- **ScanSnap Carrier Sheets**

### Consumables

- **Description**
  - Black Document Pad (F-728BK)
  - Carrier Sheet
- **Parts number**
  - PA03670-0801
  - PA03360-0013
- **2D Barcode for PaperStream**
  - PAA3604-A433

### Trademarks

- **fi-7260 Features**
- **fi-7260** is a registered trademark of PFU Limited in the United States.

### Technical Specifications

- **fi-7260**
- **Supported operating systems**
- **Scanner type**
  - Automatic Document Feeder (ADF) + Flatbed
- **Scanning modes**
  - Simplex / Duplex, Color / Gray Scale / Monochrome
- **Image sensor type**
  - Color (Charge Coupled Device) x 3 (Front x 1, Back x 1, Flatbed x 1)
- **Multifeed detection**
  - Ultrasonic multi-feed detection sensor x 1, Paper detection sensor
- **Document size**
  - ADF: Maximum 216 x 356.8 mm (8.5 x 14 in.)
  - Minimum 10.8 x 55.8 mm (0.42 x 2.2 in.) (Printtask)
  - Flatbed: Maximum 216 x 5,588 mm (8.5 x 220 in.)
- **Paper weight (Thickness)**
  - ADF: Minimum 10 lb (Approximate 10 lb. for one side)
  - Minimum no limitation (The maximum copy size of PaperStream IP is 297 x 210 mm (11.7 x 8.3 in.)
- **Paper weight (Thicknees)**
  - ADF: 27.1 to 63.5 g/m² (0.71 to 1.66 lb)
  - Minimum 90 g/m² (2.54 lb)
- **Scanning Speed (A4/Standard)**
  - ADF: Simplex: 60 ppm / 120 ipm (A4 Portrait 200 x 300 dots), Duplex: 120 ppm / 240 ipm (200 x 300 dots)
  - Flatbed: 1.7 seconds (200 x 300 dots)
- **Paper chute capacity**
  - 80 sheets (4B: 80 g/m² or 20 lb) (Active loadable ADF)
- **Background colors**
  - ADF: White / Black (Detectable) / Gray Scale: White / Black (Black background available as an option)
- **Optical resolution**
  - 600 dpi
- **Output resolution**
  - ADF: 50 to 600 dpi (adjustable by 1 dpi increments), 1200 dpi (driver)[1]
  - Monochrome: 24-bit
  - Gray Scale: 8-bit
- **Interface**
  - USB 3.0 / USB 2.0 / USB 1.1
- **Connector shape**
  - Type II
- **Image processing functions**
  - Software-based
  - Multi image output, Automatic color detection, Black page detection, Dynamic threshold (OCR), Advanced DRC, SDR, Image diffusion, De-Screen, Enhancements, Shadow, Spotless color (Blue-Green/Black, Blue-Green/White), Page-based output, Hole punch removal, Index tab cropping, Split image, De-Skew, Image correction, Vertical streaks reduction, Cropping, Other, Static threshold
- **Power requirements**
  - AC 100 to 240 V ± 10% Power consumption
  - Operating mode: 61 W or less
  - Sleep mode: 1.8 W or less
  - Auto Standby Mode: 0.3 W or less
  - Standby: 0.1 W or less
  - Standby: 0.1 W or less
  - Standby: 0.1 W or less
  - Standby: 0.1 W or less
- **Operating environment**
  - Temperature: 5 to 35 °C (41 to 95 °F)
  - Relative humidity: 20 to 80 % (Non-condensing)
  - Dimensions: Width x Depth x Height[5]
  - 300 x 577 x 234 mm (11.81 x 22.72 x 9.21 in.)
  - Installation space: 405 x 600 x 355.6 mm (15.75 x 23.62 x 14 in.)
  - Weight
  - 8.8 kg (19.4 lb)
  - Included software / drivers
  - PaperStream IP driver (TWAIN/WIN/64-bit), Software Operation Panel, Error Recovery Guide, PaperStream Capture, ScanSnap Manager for fi- series, Scan to Microsoft SharePoint®[14], ABBYY FineReader for ScanSnap[15], Scanner Central Admin Agent
  - Environmental compliance
  - ENERGY STAR® and RoHS
  - Included Items
  - ADF paper chute, A4 cable, ADF adapter, USB cable, Setup DVD-ROM
  - Compliance with ENERGY STAR® and RoHS

This product meets the ENERGY STAR® guidelines for energy efficiency.

### Safety Precautions

- **Safety Precautions**
- **Be sure to limit the use of this product to listed power ratings.**
- **Be sure to limit the use of this product to listed power ratings.**
- **If a user misuses this device, it may result in electrical shock, fire or damage to the product.**
- **Do not use the product in hazardous locations.**
