FUJITSU Image Scanner fi-65F

Compact design ideal for use at a counter desk

The fi-65F scans documents in a mere second (A6 portrait 200/300 dpi), and guarantees short wait times with quick startup times of half a second.

Compact design to scan anywhere

The fi-65F is the smallest scanner* in its class to scan identification and small cards of all types and sizes – such as driver's licenses, passports, insurance cards, credit cards, and small survey forms. Capable of drawing power from computer USB ports, it can be used even in environments with no AC power sources. Its compact design also allows use in cramped spaces, making it the best scanner for countertops at banks and car rental offices, as well as receptions at hotels, hospitals, and retail environments. Perform quick scanning operations naturally while talking with your customers.

Boosted productivity with easier operation

Scan and save images with just one touch of the button. Coverless scanning capabilities also allow scanning without repetitive opening and closing of the cover before, after, and between each scan, making scanning tasks much more efficient. Various intelligent image processing functions like Automatic Cropping, Automatic Rotation, and De-skew enable you to scan high quality images confidently without adjusting any settings.

Environment-friendly specifications

Not only does the fi-65F comply with ENERGY STAR and RoHS, but its entire manufacturing process complies with strict environment regulations.

Advanced software for maximized efficiency

Bypass the inconvenience of making fine adjustments to OCR settings with the PaperStream IP scanner driver, supporting both TWAIN and ISIS. The software automatically converts scanned images into exceptionally clean images, supporting OCR accuracy even when scanning documents with background patterns or wrinkled and soiled documents. Working with the driver, PaperStream Capture effectively and efficiently feeds information into users' organizations workflow with its various batch scanning capture features.

* Based on PFU's investigation performed as of September 1st, 2013 for A6 business document scanners.

Technical Information

Scanner Type	Flatbed, Simplex	
Scanning Speed* ¹ (105 x 148 mm / 4.1 x 5.8 in. / A6)		
AC Adapter	Color	1.7 seconds (200 dpi)
	Grayscale/Monochrome	1.0 seconds (200/300 dpi)
USB Bus-Powered	Color	2.0 seconds (200 dpi)
	Grayscale/Monochrome	2.0 seconds (200/300 dpi)
Image Sensor Type	Color CIS (CMOS CIS)	
Light Source	3 Color LED	
Optical Resolution	600 dpi	
Output Resolution (Color / Grayscale / Monochrome)	50 to 600 dpi (adjustable by 1 dpi increments), 1,200 dpi (driver)* ²	
Output Format	Color: 24-bit, Grayscale: 8-bit, Monochrome: 1-bit	
Background Colors	Black	
Document Size	Maximum: 105 x 148 mm (4.1 x 5.8 in.)	
Interface	USB 2.0 / USB 1.1	
Power Requirements	AC 100 to 240 V ±10 %	
Power Consumption		
Power Cable Connection	Operating Mode	8 W or less
	Sleep Mode	2 W or less
	Auto Standby (Off) Mode	0.5 W or less
USB Bus Power Cable Connection	Operating Mode	5 W or less
	Sleep Mode	2 W or less
	Auto Standby (Off) Mode	0.5 W or less

Operating Environment		
Temperature	5 to 35 °C (41 to 95 °F)	
Relative Humidity	20 to 80% (non-condensing)	
Environmental Compliance	ENERGY STAR®, RoHS	
Dimensions* ³ (Width x Depth x Height)	145 x 234 x 40 mm (5.7 x 9.2 x 1.6 in.)	
Weight	0.9 kg (1.98 lb)	
Supported Operating System	Windows® 10, Windows® 8.1, Windows® 7, Windows Server® 2019, Windows Server® 2016, Windows Server® 2012 R2, Windows Server® 2012, Windows Server® 2008 R2, Windows Server® 2008* ⁴	
Included Software / Drivers	PaperStream IP Driver (TWAIN/TWAIN x64/ISIS), WIA Driver* ⁵ , PaperStream Capture, Software Operation Panel, Scanner Central Admin	
Included Items	AC cable, AC adapter, USB cable, USB bus power cable, Setup DVD-ROM	

Options

2D Barcode for PaperStream	PA43404-A433	Reads PDF417, QR code, Data Matrix, Aztec Code
PaperStream Capture Pro Scan Station (WG)	PA43404-A665	PaperStream Capture Pro optional license

*¹ Actual scanning speeds are affected by data transmission and software processing times. *² Some limitations may apply to the size of documents that can be scanned, depending on system environment, when scanning at high resolution (over 600 dpi). *³ Protruding items are not included in indicated dimensions. *⁴ Requires PaperStream IP 2.2.0 or earlier. *⁵ Functions equivalent to those offered by PaperStream IP may not be available with the WIA Driver.

Trademarks

ISIS is a trademark of Open Text. Microsoft, Windows, and Windows Server are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.
