

ScanSnap iX100

**Simple, Speedy & Compact.
From Paper to PDF in One Touch!**

- ▶ Built-in Wi-Fi - Automatically switches the connection modes between Access Point Connect Mode and Direct Connect mode
- ▶ Battery operated, no need for cable connection
- ▶ Various functions for making your daily work easier and simpler

General Specifications

Description	ScanSnap iX100	
Scanner type	CDF (Continuous Document Feeding), Simplex sheetfeed two-way paper path (Straight path, U-turn path)	
Scanning modes	Color, grayscale, monochrome, automatic (color / grayscale / monochrome detection)	
Image sensor	CIS (Contact Image Sensor) x 1	
Light source	3 Color LED (Red / Green / Blue)	
Optical resolution	600 dpi	
Scanning speed*1 (A4 portrait)	Auto mode (default) *2	5.2 seconds / page
	Normal mode (150 dpi)	
	Better mode (200 dpi)	
	Best mode (300 dpi)	
	Excellent mode (600 dpi)	20.4 seconds / page
Document size *3	Normal mode	A4, A5, A6, B5, B6, Business card, Post card, Letter, Legal and Custom sizes (Max: 216 x 360 mm (8.5 x 14.17 in.), Min: 25.4 x 25.4 mm (1 x 1 in.)) / Automatically recognizes document size
	Normal mode with Carrier sheet	Use of a carrier sheet permits the scanning of A3, B4, double letter and photographs as well as the document sizes that are listed above.
	Long paper scanning *4	Max: 216 x 863 mm (8.5 x 34 in.) (300 dpi or less)
Paper weight (Thickness)		●52.3 to 209.3 g/m ² , or 14 to 56 lb (Straight path)
		●52.3 to 80 g/m ² , or 14 to 20 lb (U-turn path)
		●Card Portrait or Landscape (Straight path) Non-embossed: 0.76 mm or less Embossed: 0.76 + 0.48 mm (ISO7810 Conforming)
Paper setting	Front side up	
Continuous scanning	260 sheets (A4, color, simplex, 300 dpi, battery operated)*5	
Interface *6	USB 2.0 (USB 1.1 compatible)	
Power source	Li-ion Battery (3.7 V / 720 mAh)	
Power requirement	5 V / 0.5 A (x 1port)	
Power consumption *7		During operation: 4.7 W or less
		During sleep mode: 2.2 W or less During Auto Standby (OFF) mode: Less than 0.5 W
Operation environment	Temperature: 5 to 35 °C (41 to 95 °F) Relative humidity: 20 to 80% (Non-condensing)	
Dimensions (W x D x H) *8	273 x 47.5 x 36 mm (10.74 x 1.87 x 1.42 in.)	
Device weight	400 g (0.88 lb)	
Environmental compliance	ENERGY STAR® / RoHS	
Multifeed detection	None	
Driver	ScanSnap specific driver ●Windows®: Does not support TWAIN / ISIS™ ●macOS: Does not support TWAIN	

*1 Scanning speeds may vary due to the system environment used. Scanning speed means the time from "Start feeding document" to "Finish output document" after pre-pick and pushing Scan button. In case of "From pushing Scan button, Warm-up time is added. Warm-up time: From Ready status: Less than 2 seconds / From Chute Cover Closed Status: Less than 3 seconds. *2 Documents measuring approximately 148 mm in length or less are scanned in "Best mode", while other documents are scanned in "Better mode". *3 Automatically stitch a two-page spread when scanning a folded A3, B4 or Double letter size document one side at a time. The image is automatically stitched only if texts or diagrams cover across the two-page spread. *4 The iX100 is capable of scanning documents that exceed A4 size in length. This function is available for all modes except for "Excellent mode". *5 The number of sheets that can be scanned when connected to a computer via Wi-Fi with fully charged battery. The number of sheets may vary due to the system environment used, usage method and repeated charging. *6 Computer with USB 3.0 will work as USB 2.0 guaranteed only with USB cable provided with product. *7 When operating with battery. *8 When chuter is closed.

ScanSnap iX100 System Requirements

Windows®

Recommended operating systems	Windows® 10 (32-bit / 64-bit) *1 Windows® 8.1 (32-bit / 64-bit) *1 Windows® 7 (32-bit / 64-bit)	
Hardware requirements *2	CPU*3	Intel® Core™ i5 2.5 GHz or higher
	Memory capacity*3	4 GB or more
	Display resolution	1,024 x 768 pixels or higher
	Disk capacity*4	3.8 GB or more of free hard disk space

*1 Operate Windows in desktop mode. *2 The ScanSnap device may not work if the connected computer does not meet these requirements. *3 Scanning speeds may drop if the recommended CPU, memory capacity and USB 1.1 requirements are not met. *4 Microsoft .NET Framework 4.7 or later must be installed. If it is not installed, it is installed with ScanSnap Home. Up to 4.5 GB of disk space is required for the installation. *Please refer to the ScanSnap website for the latest support information of the driver and applications. Compatibility may differ depending on the software's version. *The system requirements may change depending on the duration of support and the support policy of the companies that make the software.

Mac

Recommended operating systems	macOS v.10.12.4 or later	
Hardware requirements *1	CPU*2	Intel® Core™ i5 2.5 GHz or higher
	Memory capacity*2	8 GB or more
	Display resolution	1,024 x 768 pixels or higher
	Disk capacity	2.0 GB or more of free hard disk space

*1 The ScanSnap device may not work if the connected computer does not meet these requirements. *2 Scanning speeds may drop if the recommended CPU, memory capacity and USB 1.1 requirements are not met. *Please refer to the ScanSnap website for the latest support information of the driver and applications. Compatibility may differ depending on the software's version. *The system requirements may change depending on the duration of support and the support policy of the companies that make the software.

ScanSnap iX100

Productivity unleashed

ScanSnap Home

●One stop for all productivity

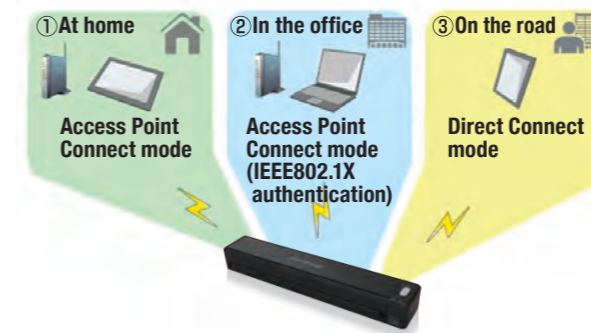

With ScanSnap Home, repetitive tasks such as sorting, saving, organizing and connecting scanned data with other applications are made as comfortable as possible. The more you use ScanSnap Home, the more it understands your preferences, and the better assistant it will be.

No need to switch the Wi-Fi mode manually for comfortable scanning anywhere, anytime

The ScanSnap iX100 is equipped with built-in Wi-Fi which is able to automatically detect and switch to the network environment at home, in the office or on the go. You only need to set up initially and iX100 can be scanned wirelessly directly to any platform even without Wi-Fi network in the environment.

- At home: Connect via the access point of the router at home
- In the office: Connect to the secured Wi-Fi network via IEEE802.1X (network device authentication)
- On the road: Connect via Direct Connect mode (do not need an access point)

Light, fast, compact

Equipped with a built-in battery and Wi-Fi connectivity, the iX100 is ultralight weighing a mere 400 grams. High resolution scans* are also fast, with speeds of 5.2 seconds per page. Portability and speed combined, the iX100 combines portability and speed to provide ease of use at your fingertips.

*A4 documents at resolutions of up to 300dpi

Two selectable paper paths

Switch iX100's output guide to either the folded position for the straight path or the open position for the U-turn path to best suit the document you want to scan.

●Straight path

Most suitable for scanning post cards, photos, business cards, plastic cards*, ScanSnap Carrier Sheet (Option), and common office paper.

*This applies to standard ISO 7810 ID-1 card types

●U-turn path

Most suitable for scanning common office paper and you do not need extra space for the document output.

Battery operated, no need for cable connection

The iX100 can be scanned without the cables, so you can use it when power supply is unavailable or limited. The scanner is always ready to be used immediately when needed.

Scans plastic cards and other various document types*

In addition to standard paper types, the iX100 can scan plastic cards like the ones used for membership IDs.

*ISO 7810 card types (including embossed cards)

Features for quick digitization

●Dual scan - scanning 2 small sized documents at the same time

You can scan 2 small sized documents such as business card and receipt at the same time. Simply insert documents continuously to the paper feeding entry to greatly reduce your scanning time and lead to increased efficiency.

●Automatically stitch a two-page spread

Even documents larger than A4 size can be scanned without any extra effort. Just fold the large documents in half and the iX100 will automatically stitch the diagram or chart that is spread across two pages after scanning.

Continuous Document Feeding (CDF Function)

The Continuous Document Feeding function allows you to insert pages one after another without pressing any extra button by detecting when a sheet enters and exits the iX100.

●Scanning a two-sided document using the CDF Function

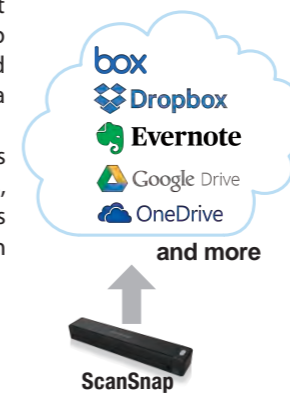

Easily links documents to clouds

ScanSnap Cloud is a service that delivers scans from your ScanSnap image scanner to your favorite cloud services without the need for a computer or mobile device.

The software automatically classifies your file type by documents, receipts, business cards and photos, and sends it to the appropriate cloud* based on pre-set profiles.

*Available services vary by region

Automated features for near effortless scanning

The iX100 features a powerful set of automated image processing functions including Auto Deskew, Auto Orientation, and Auto Color Detection. These functions make pre-scan work like sorting pages and changing scan settings unnecessary, so you can scan your documents with minimal effort.

●Spend less time on finding files

Scanned data is automatically recognized and grouped into four categories: documents, receipts, business cards and photos. No need to be concerned about spending time on sorting data by yourself.

●Spend less time on naming files

ScanSnap Home uses the text, such as shop and company names, found on your scanned documents to recommend file names. Not only does accuracy of information extraction increase the more you scan, but edits made to file names are learned for later naming suggestions.

●Spend less time on correcting files

Corrections made to company names on scanned business cards are reflected on successive cards from the same company, allowing you to spend less time on post-scan operations.

Carrying case (Option)

Two convenient carrying cases intended for the iX100 are available. (See disclaimer under "Option" in the next page.)

ScanSnap iX100 Soft Case
